Welcome to Killarney

An international learning experience with a personal touch

A SPECIAL ADVANTAGE FOR YOU

At Killarney School of English, you may be one of only a few students from your country — perhaps the only one during your chosen weeks. That can create valuable opportunities to make international friends and use English as your shared language.

Small classes. New friendships. Everyday conversations in English.

Our adult students come from many countries. In class, over coffee and around Killarney, English can become the natural way to communicate.

Nationality mix changes week to week; we cannot guarantee that nobody will speak your language. Tell us your dates and nationality and we can advise on the expected mix.

The School & Your Courses

Flexible study programmes from one to twenty-five weeks

Small school. Individual attention.

Established in 2000, KSOE is a friendly, family-run language school beside Killarney National Park. Our experienced teachers know their students and create opportunities for everyone to participate.
